3. QUESTIONS & ANSWERS

Q1: Does the International Code Council (ICC) Prestressed/Post Tensioned Concrete certification meet the requirements for this proposal, or is a Precast/Prestressed Concrete Institute (PCI) certification required?

A1: The Department has determined that the ICC's Specialty Inspection Certification Training for Prestressed/Post Tensioned Concrete is **not** equivalent to PCI's Level 1 and 2 Certifications, and does not conform to the requirements found in the current Scope of Services as advertised.
